BASIC SUPPLIES

paper trimmer, detail scissors, ruler, pencil, wire cutters, sponge dauber

by Jolene Johnston (www.jolenejohnston.blogspot.com)
size: 4½"x6"

and Barn Door "Ho, Ho, Ho" sentiment over larger rectangle. Sponge edges Warm Red.

DIRECTIONS

- 1 Make red dot top-fold card. Sand and distress raised dot pattern using Precision Files.
- 2 Die cut 3¾" and 2⅜" rectangles from kraft cardstock. Randomly stamp Peeled Paint

TIP: To create square-framed Santa glasses, wrap wire around kitchen fork tines. Leaving a small portion of wire for the glasses "stems", wrap wire around the first tine, over the second, and around the third. Adjust wire as necessary.

3 Stamp Black Soot Santa image onto smaller rectangle; color image with pencils. Sponge edges Warm Red.

4 Die cut two 3¹/₈" rectangles from green cardstock; sponge edges Dark Moss. Die cut one 2³/₈" rectangle from white cardstock; sponge edges Warm Red. Stamp Black Soot sentiment onto upper half of white rectangle.

5 Mat one green rectangle on Ho, Ho, Ho rectangle; adhere to card. Wrap green

and red twine several times around card front; tie bow just left of center.

6 Mat sentiment rectangle on remaining green rectangle; adhere to card with foam adhesive.

7 Stamp Black Soot Santa image onto felt; let dry. Detail cut beard, hat trim, and pom-pom from felt. Adhere to stamped image using Glossy Accents; let dry.

8 Cut a 4" length of gold wire and bend into tiny, round-framed glasses. Use a pencil or

paintbrush handle to form lenses, leaving straight "stems" at each end. Adhere glasses to face with Glossy Accents; let dry.

9 Apply foam adhesive to back bottom edge of Santa panel; use adhesive runner along top edge. Adhere Santa panel to card as shown.

10 Use wire cutters to snip prongs from brad. Adhere brad to card with Glossy Accents; let dry.
